

# Waves of Grace

From these lowly depths you call my name  
Freed me from these binding chains  
I look and see your grace brings freedom **X2**

You're my love, my life, my burning light  
Guide my way, guide my heart  
Speak to me I want to know your voice **X2**

From these lowly depths you call my name  
Freed me from these binding chains  
I look and see your grace brings freedom

And you call me out with sacrifice  
Made it known that I'm worth life  
I look and see your grace brings freedom

You're my love, my life, my burning light  
Guide my way, guide my heart  
Speak to me I want to know your voice **X2**

You took me in and made me your kin  
You gave me life beyond this skin  
And I feel again, I feel again, I feel again **X4**

You're my love, my life, my burning light  
Guide my way, guide my heart  
Speak to me I want to know your voice
